

Dentsply Sirona

Endodontics

Pathways to Practice

At Dentsply Sirona Endodontics, we share your commitment to improving patient care and saving teeth. We salute your decision to invest in your education and join the ranks of the specialists dedicated to advancing the standard of endodontic care.

In support of that investment, we offer residents attractive pricing on our portfolio of industry-leading products to use during their residency. The specialized pricing is available to residents at qualifying institutions, from acceptance into the program to the last calendar day of their graduating year. Based on feedback from your peers, product limits for the discounted price now accumulate over the course of the entire residency, allowing you to purchase industry-leading endodontic products and supplies, when you need them most. The team at Dentsply Sirona Endodontics is excited to get to know you and we look forward to an ongoing partnership throughout your career.

Call 1-800-662-1202 to establish your educational account and begin saving.
